Protect
your
decorative
glass with
unique,
award-winning
ClearShield®
'non-stick'
technology!

Perfect for
sandblasted
glass!

Ordinary,
unprotected glass

ClearShield
Eco-Glass™

RITEC

Working like 'non-stick' cookware, **ClearShield®** upgrades unprotected glass into **ClearShield Eco-Glass™**, a low-maintenance, anti-microbial surface.

- Saves cleaning time and effort
- Resists staining from fingerprints and dirt
- Resembles the attractive satin finish of acid-etched glass

ClearShield Eco-Glass™ is independently proven to keep glass hygienically clean by reducing bacterial growth!

Micrograph of cells of staphylococcus aureus adhering to glass slides after washing

'In conclusion, the results clearly show that ClearShield firstly impeded adherence of bacteria and secondly encouraged desorption by washing.'

- UK Public Health Laboratory Service, Porton Down

Specially developed After-Care for Decorative Glass

Cleaning your decorative / sandblasted glass no longer requires harsh and abrasive materials, which may be harmful to you and the environment. **Clean-All™** has been specially developed to gain the maximum performance from ClearShield® protection.

**100% guaranteed results...
